

POST-APPLICATION PERIOD REQUEST FOR RECONSIDERATION

Under section 60851 of title 2 of the California Code of Regulations, if the Bureau of State Audits or the

Applicant Review Panel decides to exclude or remove an applicant from the pool of applicants being considered

for selection to the Citizens Redistricting Commission, the applicant may request reconsideration of the decision

if the decision was the result of an error relating to:

- Having a conflict of interest;
- Failing to satisfy the eligibility requirements for serving on the commission; or
- Failing to comply with the procedural requirements of the application process.

To request reconsideration of the decision to exclude or remove you from the applicant pool because the

decision was based on an error, as described above, please provide the following information and submit it to

the Bureau of State Audits by e-mail, facsimile, or delivery to the address stated at the bottom of this form. This

form must be received by the bureau no later than 10 days after the date of the notification that you were

excluded or removed from the applicant pool.

Name: Diana Murray

Date of the notice of exclusion or removal: April 28, 2010

Description of the error that caused the exclusion or removal:

I was not aware that each time I referred to my updated application to look for any spelling errors that I had to resubmit the application as if it –I was under the assumption that it was stored as active.

Description of the correct facts establishing that you should not have been excluded or removed:

Description of any evidence or other information that supports the facts as you now state them:

Had I known that my application was not in the active (already submitted) state –that it had to be resubmitted each time I made a correction prior to the April 19th deadline date I would not have requested letters of recommendations, I feel so profoundly loss at the assumption that each time the application was opened and corrected it had to be resubmitted each time.

If this request is being submitted more than 10 days after you were sent notice that were excluded or removed

from the applicant pool, an explanation for why this request is being submitted late: I just received the startling notification that my application was not stored 7 today's date is: april 28th, 2010.

I affirm, by signing or typing my name below, that the statements contained in this Request For Reconsideration

are true and correct to the best of my knowledge.

Signature or typed name: Diana Murray Date: Thursday 28th of April 2010
